

## **Internship/Volunteer Opportunities**

The Bethesda Life Center, Inc. provides a holistic approach to healthcare to ten medically underserved census tracts in the western section of Birmingham and one community in North Birmingham.

TBLC is concerned with the physical, mental, and spiritual health of the communities it serves.

TBLC provides wellness programs, chronic disease management for issues such as Diabetes and hypertension; breast and cervical cancer early detection.

### **Community Outreach and Prevention Education Internships**

Interns must be college seniors or graduate students focusing in health education, health promotion, or a relevant social and behavior science. An interest in vulnerable populations, health disparities or cultural competence is strongly desired.

Interns attend community events, health fairs, and other related events to provide information about health prevention and screening. Interns help with program planning, writing grants, and presentations at local schools, churches, and community organizations.

Interns also interface with health providers, administrators, patients, community residents and local community leaders.

To apply for this opportunity, please forward a copy of your resume and cover letter, to [bbyrdgiles@thebethesda.com](mailto:bbyrdgiles@thebethesda.com). New interns are accepted year-round.
